PROFILE SUMMARY

Dynamic Front-End Developer with a passion for creating visually appealing, responsive, and user-centric web applications. Proficient in the latest front-end technologies and frameworks, including HTML5, CSS3, JavaScript, and React. Experienced in translating design wireframes into high-quality code, optimizing application performance, and ensuring cross-browser compatibility. Skilled in collaborating with cross-functional teams to deliver seamless user experiences and innovative solutions

TECHNICAL SKILLS

- **Languages:** Python , HTML , CSS
- **Tools:** VS Code, MS EXCEL ,Git, MS POWER POINT

EXPERIENCE

Free Code Camp – Responsive Web Design Course *Date Attended*

- **Course Content:** Detailed curriculum covering HTML, CSS, and visual design principles.
- **Projects Completed:** Created multiple responsive web pages, including a tribute page, a survey form, a product landing page, a technical documentation page, and a personal portfolio web page.
- **Skills Acquired:** Mastery in HTML and CSS, responsive design techniques, and accessibility best practices

PROJECTS

Weather App – *Front-End Development*

- **Project Overview:** Developed a weather app as part of the Free Code Camp course, aimed at providing users with real-time weather information.
- **Front-End Development:** Built the app using HTML, CSS, and JavaScript, integrating weather APIs to fetch and display real-time weather data, enhancing user interaction and experience

Cafe Menu – *Front-End Development*

- **Project Overview:** Created a responsive cafe menu page as part of the Free Code Camp course, designed to provide users with an appealing and easy-to-navigate menu layout.
- **Front-End Development:** Utilized HTML and CSS to design the menu page, ensuring responsiveness and visual appeal for various devices and screen sizes.

EDUCATION

- Class 12th Karnataka PU board (41%)
- Class 10th CBSE (54.67%)
